The PNW-CIR is the largest and longest running regional expression of the City Impact Roundtable in the US! Last December, over 80 kingdom leaders representing twenty-two city movements gathered in this unique leadership learning community to share stories, compare challenges, pray for one another, and hear from Eric Swanson, author of To Transform a City.

This year’s gathering will have a completely fresh focus and format

- **Plenary Speaker: Steve Sjogren**, local pastor from Newberg, OR, and nationally acclaimed author of *Conspiracy of Kindness*, the leading book in its class on creative, down-to-earth ideas for caring for neighbors and sharing the gospel story. Steve will refocus us on a practical balancing of creatively caring for people in our worlds and praying our way into their stories.

- **Rick McKinley**, pastor of Imago Dei, one of the leading churches helping shape Portland’s ongoing Gospel Movement and author of *A Kingdom Called Desire*.

- **Jason Hubbard**: Key leader of the city movement in Bellingham, where “24/7” prayer expressions are collaborating with local pastors and business leaders to reach their city.

For most effective impact, we recommend a mix of at least 5-7 leaders from your city to attend: pastors, marketplace, non-profits, intercessors, ethnic leaders, etc.

May God’s Jeremiah 29:7 shalom keep showering your city movement!
